

My great great grandparents, William Warner (1825-1893) and Elizabeth Kennedy (1838 -1919), are buried there. We visited the cemetery a few years ago and I made a small contribution for the work you people are doing.

My grandmother, Ida Johnson, was born in Tekoa. Her brother, my great Uncle, was Oscar Johnson also born in Tekoa, who moved from Tekoa to Montana in about 1916.

. My great grandmother, Martha Warner, who died in Genou Montana, related how she walked behind a wagon from Missouri to the Palose country when she was 10 years old. I have a great interest on what you are doing at the Lone Pine Cemetery. Several more of my relatives are buried there.
Thank you for your good work.
